STILL IS WORK OF ART, BUT MAKER'S IN JAIL

Liquor-Making Device Best So Far Uncovered.

J. J. JOHNSON, MEADOW STREET, FINED \$750

He Will Be Taken to Workhouse Tuesday Unless Fine and Costs Are Paid.

A still secured by the police, Saturday night, at the home of J. J. Johnson, of No. 762 Meadow street, is one of the best works of the kind that has been found in the county. The still is a piece of real mechanical art and has attracted no little attention at headquarters. The copper tank in which the mash is cooked is of twenty gallon capacity.

The visit of the officers to the Johnson home was unexpected and in the search of the house the still was found in a trunk in a downstairs room. There was about ninety gallons of mash in barrels and kegs upstairs and a bottle of this was taken as evidence and the other destroyed by pouring off in it. Two five-gallon jugs filled with the finished product and about a gallon of the finished product in bottles was taken by the police. The corn liquor is colored with burnt sugar and resembles the real stuff.

Johnson was arrested after the search and was arraigned before Mayor T. E. Andrews this morning to answer a charge of unlawfully manufacturing intoxicating liquor for beverage purposes. He entered a plea of guilty to the charge and was fined \$750 and costs and sentenced to stand committed until the amount is paid. He stated he was unable to pay and would work it out and he will be taken to the Dayton workhouse Tuesday unless an unexpected change occurs.

600 STUDENTS TODAY IN CONARD FUNERAL CORTAGE

Tribute Paid by High School to Dead Instructor.

The funeral of J. M. Conard was held from the residence on Franklin street this morning at 8:30 o'clock. Dr. Jesse Swank officiating. The body was taken over the Hocking Valley to Columbus immediately after the services, and from there to Barnesville for burial.

Mr. Conard last year was an instructor in the Harding High school and this morning the entire high school of about 600 students met for the funeral procession in front of the school building and marched to the depot.

BASEBALL

Steam Shovel Closes Pennant.

With the Steam Shovel team having clinched the pennant in the industrial league, no games were played in the league, Saturday. Each of the four teams has a few games to complete the schedule, but as the standing would probably not be changed, the interest has waned. The management of the Commercial-Huber team, which finished in second place, is desirous of staging a game next Saturday with the Marion Steam Shovel team at Lincoln park, but owing to an engineering meeting, it is not known whether the latter team will be able to play.

No One Hurt.

An automobile driven by Kenneth Walters, of Orchard street, ran over a four-foot embankment about eight miles north of the city on the Piquette pike, Sunday afternoon, about 4 o'clock. The front axle of the car was badly bent. The boy was accompanied by three companions, none of whom was injured.

Mr. and Mrs. R. J. Bishop, of Benton place, entertained a number of relatives at dinner Sunday. Those present were Mrs. Ellen Coll, Mr. and Mrs. Joseph Fogie and Miss Helen Fogie, of Columbus; Mrs. Jennie Williams, Mr. and Mrs. Arthur Ruppertsberg, Mrs. Grace Snuffer, and son, Richard, and Mr. and Mrs. Allen C. Williams and little daughter, Jane Linn, of Worthington.

Philip Von Blon, of New York City, a member of the staff of the American Legion, weekly, visited Sunday at the home of his father-in-law, Charles W. Kramer, of Summit street. Mr. Von Blon was en route to Indianapolis, where he will do some special work for his paper.

A geographic and industrial atlas prepared in England for the use of the blind contains 20 maps in relief and 200 pages of embossed descriptive text.

Mrs. Viola Miller, of Columbus, spoke at the First Spiritualist church Sunday. The meeting was very well attended.

PETER ULRICH DIES AT COUNTY HOME

His Death Is Due to Paralysis. An Epileptic.

Peter Ulrich, an epileptic, died at the Marion County home Sunday morning about 9 o'clock. He suffered an attack of epilepsy Friday night, during which he was stricken by paralysis. He never regained consciousness. He was forty-eight years of age.

Mr. Ulrich was a native of the United States, but was of German descent. He was married and went to the home November 10, 1917 from this city.

The funeral service will be held at the Bradner undertaking parlors Tuesday morning at 10 o'clock and interment will be made in the Marion cemetery.

MRS. HENRY R. STOFFER IS HOSTESS SATURDAY

For Her Little Daughter, Betty Jane—Birthday.

Mrs. Henry R. Stoffer entertained eighteen little girls and boys at her home on south center avenue, Saturday afternoon, from 2 to 5 o'clock, celebrating the third birthday of her daughter, Betty Jane. The children made merry with games and enjoyed a tea party. The pretty birthday cake being trimmed with three lighted candles.

Mrs. Stoffer was assisted during the afternoon by her grandmother, Mrs. W. D. Pepple. The little girl received a number of pretty gifts.

MISS RUTH MERWINE WEDS FRED E. SCHMIDT

They Will Live on a Farm Near Meeker.

Miss Ruth Merwine, of near Nevada, and Mr. Fred E. Schmidt, of Marion county, were married Saturday evening at 8 o'clock by Elder Levi Hite, pastor of the Primitive Baptist church, at Brush Ridge. The ceremony was performed at the parsonage and was witnessed by the bride's parents, Mr. and Mrs. John Merwine, and family, of near Nevada, and Mrs. Edith Jury and family, of LaRue. Mr. and Mrs. Schmidt expect to make their home on a farm near Meeker.

The Lecture-Recital Chorus rehearsed 7:00 Tuesday evening at Harding High. Full attendance necessary for first program.—Adv. 257-2-c.

Carter Patton and Robert Pitts, students at Ohio Northern university, returned to Ada this morning after passing Sunday with their parents here.

WARNING

To Gas Consumers

Gas will be turned off on our main line to make necessary repairs on dates given below:

TUESDAY, SEPTEMBER 27th, 1921,
from 12 o'clock noon to 5 o'clock p. m.

WEDNESDAY, SEPTEMBER 28th, 1921
from 12 o'clock noon to 5 o'clock p. m.

THURSDAY, SEPTEMBER 29th, 1921,
from 12 o'clock noon to 5 o'clock p. m.

To avoid accidents be sure to turn off gas before going away or leaving premises.

Be sure to turn off all valves when gas goes out and leave them turned off until the gas is turned on again.

Do not forget the hot water tank.

Watch the newspapers for notices of later dates or changes in dates when the gas will be shut off on account of this extensive repair work that is being done.

The Marion Gas Company

JESSE R. CLARK DIES
IN MICHIGAN SUNDAY

Union Central Life Insurance
Head Taken Suddenly.

VICE PRESIDENT J. D. SAGE
MAY BE NEW PRESIDENT

Mr. Sage's Wife Is Formerly
Miss Carmen Blow, of
This City.

Jesse R. Clark, of Cincinnati, president of the Union Central Life Insurance company, and well known in this city, died at Petoskey, Michigan, yesterday afternoon.

John D. Sage, first vice-president of the Union Central Life Insurance company, who married Miss Carmen Blow, of this city, many now succeed to the presidency of the insurance company.

This morning's Cincinnati Enquirer says of Mr. Clark's death:

Jesse R. Clark, president of the Union Central Life Insurance company, died yesterday afternoon at Petoskey, Michigan, where he had a summer cottage, following a stroke of paralysis which he suffered three weeks ago. He was sixty-seven years old.

The news of Mr. Clark's death, which reached Cincinnati late yesterday afternoon, came as a surprise to many of his friends, who did not know that his condition was so critical. They had been encouraged by recent reports that had indicated his improvement and had expected he would recover.

Mr. Clark was stricken September 4, shortly after he had been bathing in the Little Traverse bay. Feeling in the best of health, he had donned a bathing suit and gone for a short swim in the bay at Harbor Point. He collapsed at the gate of his summer cottage, on his return from the bay, and was removed to Petoskey hospital.

Cincinnati Physician Called.
Dr. William Muhlberg, medical director of the Union Central Life Insurance company, was summoned from Cincinnati and went immediately to Petoskey. Mr. Clark's condition, while critical immediately following the stroke, soon indicated an improvement and Dr. Muhlberg returned to Cincinnati. The stroke was the first he had sustained and his attending physicians believed that his condition was favorable for recovery.

When stricken Mr. Clark was passing a part of the summer in Michigan with Mrs. Clark and a daughter, Mrs. Harrison B. Warren, who were at his bedside when the end came. His three sons and another daughter were in Cincinnati when they learned of his death through a telegram from Petoskey. They immediately arranged for Rev. John B. Ascham, of the Avondale Methodist Episcopal church to conduct the funeral services. The date of the funeral will be determined after Mrs. Clark has been consulted.

Mr. Clark gave most of his life to the Union Central Life Insurance company, starting with the concern when it was a new and modest enterprise and rising from the ranks through successive promotion to its presidency. As president of the company for the last fifteen years he had done much to put it in the front rank, for under his guidance its assets and its insurance in force had more than tripled, the insurance in force having recently passed the three-quarter-billion dollar mark.

Begin Career as Clerk.
Jesse Redman Clark was born in Cincinnati, October 31, 1854. He was educated in the public schools and at Chickering institute and was graduated from the Ohio Wesleyan university. In 1873 he entered the service of the Union Central Life Insurance company, being at that time nineteen years old. First as a clerk, then cash teller and in 1878 as cashier, he grew up with the company. In 1886 he became treasurer and in 1904 its president. He was a member of the board of directors in 1910 and a member of the executive committee in 1912.

During his term as treasurer he organized the farm loan investment bureau of the company, and it was under this investment policy, developed under Mr. Clark, that the company achieved a remarkable record of practically no losses and an exceptionally high interest return. It was due largely to his vision and foresight that the company erected the big building which now houses its affairs and the Chamber of Commerce. The building has been a valuable asset to the company and expansion has been greatly accelerated since its erection.

Under His Guidance.
Under his guidance the insurance in force has increased from \$223,000,000 to \$772,000,000 and the assets have grown from \$48,000,000 in 1904 to \$120,000,000.

Mr. Clark was an active member of the Methodist Episcopal church, was a member of the book committee of the Methodist Episcopal church, and occupied other responsible positions in this church. He was devoted to charity and charitable acts, and has aided many institutions and individuals by his generosity. He also was interested in

tively in the civic affairs of Cincinnati.

He was a member of the executive committee of the Association of Life Insurance Presidents, a member of the Queen City club, Hamilton County Country club, Chamber of Commerce and University club. He was a director of the First National bank and the Central Trust company.

Besides his widow, Mrs. Carrie Marqua Clark, he is survived by three sons, Jesse R., Philip Jerome and Roger Clark and two daughters, Mrs. Warren and Miss Marianne Clark.

SURPLUS LABOR
A BIG PROBLEM

Continued from Page One.

force and working full time.

Employers and employees should patch up differences and end strikes.

Marquette—Mayor William M. Sprague declares that straightened finances and difficulty in renewing short-time bonds makes it impossible for the city to do much to relieve unemployment. Day laborers are being employed, laying new water mains to suburb.

Columbus—At the instance of Mayor Thomas J. Thomas, Service Director Duffy is directing city-wide survey by city officials with a view to arranging for as much work as possible during the winter. He is arranging for construction of a number of sewer systems and laying of water mains. Plans for complete overhaul of workers every two weeks to give work to as many local unemployed as possible, those having dependents being given preference. Philanthropic organizations and labor leaders heartily cooperating.

Youngstown—Local men only employed on city work. Public departments will relieve situation to some extent. Public utilities privately owned hampered by inability to get funds to make needed improvements.

Charleston, West Virginia.—State-wide survey just completed shows marked decrease in number of unemployed, which has been reduced about one-third in last two months.

Huntington, West Virginia.—Until Wall street permits money to "become easier," there is little hope for a solution of the unemployment problem, says James H. Bond, state labor leader and former state president of carpenters' union. "Wall street is staging a gigantic conspiracy to prevent the loaning of money throughout the country," he declared. Bond believes that as soon as the banks start loaning money buildings will be resumed on a large scale. This, he says, means the wheels of industry of the whole nation will start turning as they have never turned before in America.

Marion.—Mayor Andrews sponsored a plan whereby streets are repaired, small strips at a time, so that

work will not have to be advertised in this manner he is keeping the bulk of those who would otherwise be unemployed busy. The chamber of commerce has opened a free employment bureau to find odd jobs for unemployed workers.

Ironton.—Less than thirty percent of Ironton labor unemployed. Mayor Thomas L. Collier states. Large city improvements will take care of bulk of the unemployed.

Louisville, Kentucky.—Not seriously affected by unemployment situation. Mayor George Westphaler declares. "There are about 7,000 out of work, but many of these are laborers attracted here from other cities. No special measures considered necessary."

Akron.—Upwards of seventy-five miles of streets improved, giving work to idle. Fourteen miles of water mains will be laid and breadwinners of families will be given preference.

Newark.—Mayor H. H. Scott announces that plans now under way will give employment to 200 or more men on city improvements. Steps being taken to avert situation through other temporary employment. Practically all factories working part time.

Middletown.—Plans are now running about fifty percent of peak, and conditions are improving. City Manager Kenyon Riddle states. Chamber of commerce and city government working hard in hand to rush public work and employ permanent residents of city.

Lima.—Extensive public work in progress, including streets, sewers and parks. Efforts are being made to work out financial arrangements for building construction to absorb unemployed. While one-half of city's workers are now drawing wages, totalling as much as all previously received, others are in straitened circumstances.

Cincinnati.—Mayor John Galvin says: "The present city commission is doing all in its power, with the limited means at hand, to push various improvements. With the idea of giving our citizens the services they are entitled to and also with the idea of giving employment to as many as can be advantageously put to work."

Addresses Poles.

Toledo, Sept. 25.—Governor Harry L. Davis, this afternoon, extended Ohio's welcome to the Polish National alliance, the largest organization of Americans of Polish descent, which opened its national convention here today.

A Steady Tone.

New York, Sept. 25.—The stock market showed a steady tone at the opening this morning, but after the start recessions occurred in most of the leading issues. Trading, however, was not on a large scale.

Mr. and Mrs. Edward Ingles, of Columbus, who came Friday to visit Mr. Ingles' parents, Mr. and Mrs. Andrew Ingles, of east Center street, returned to their home Sunday evening.

GAS TO BE OFF THREE
DAYS HERE THIS WEEK

But It's Expected Work Will Be Completed Sunday.

WHEN GAS WILL BE SHUT
OFF FROM 8 A. M. TO 4 P. M.

Tuesday, Wednesday and Thursday
Are Days This Week.
From 12 Noon to 5 P. M.

Local gas consumers will be without the use of the commodity parts of three days this week. It was announced today by M. A. Mckley, manager of the company.

Tuesday, Wednesday and Thursday the gas will be shut off from 12 to 5 o'clock.

It is hoped by the company to complete the work Sunday when the gas will be shut off from 8 to 4 o'clock. It is possible, however, that it may require a day longer.

The company is making every effort to complete the repairs in the quickest time and with the three shifts of workmen on the job, the outlook is that the job will be finished on schedule time, it was said today.

When the repairs on the large main between Marion and Mt. Pleasant are finished the company will have finished the work in this section.

OHIO CLERGYMEN
ARE ASKED TO HELP

Observation of National Fire-

Prevention Day, October 9.

Columbus, Sept. 25.—All Ohio clergymen have been invited by State Fire Marshal Dykeman to advocate not only observance of October 9 as national fire-prevention day, but that the entire week, beginning October 9, be devoted to cleaning up fire hazards for the winter. October 9 is the fiftieth anniversary of the great Chicago fire.

"Let us clean up on fire and disease breeding spots and make our homes safe before winter comes upon us," urged Fire Marshal Dykeman. "Mayors, safety directors, fire chiefs, civic and commercial organizations, women's clubs, teachers, preachers and laymen can help us mightily in our drive for a 'safe Ohio.' This department will gladly assist any municipality in suggesting programs and procedure."

Fire Marshal Dykeman asked that there be appropriate school exercises, the teachers inviting especially parents and guardians of the children to attend and that mayors and fire chiefs prepare little affairs to be flashed on the screens in motion-picture houses, calling attention to fire-prevention week.

**REMEMBERING BIRTHDAY
OF COLONEL ROOSEVELT**

By Gifts of Personal Mementos.
New Drive.

New York, Sept. 25.—A new thing in the way of drives was launched yesterday by the trustees of the Roosevelt Memorial association. It is a campaign, not for dollars, but for "Rooseveltiana"—for all sorts of material relating to Theodore Roosevelt, from specimens of his handwriting to photographs of his pet animals.

The object of the drive is to bring together a great collection which will enable posterity as far as possible to see Colonel Roosevelt as his own generation saw him, and will supply historical writers with the material they need to give a clear impression of Roosevelt's times. Two years ago, October 20 to 27

was observed all over the country as "Roosevelt" week.

Price Increased.
Pittsburgh, Sept. 25.—The Standard Oil company of Louisiana has increased the postal market price on El Dorado crude oil ten cents a barrel, according to advices received here today. New quotations are ninety cents for oil of thirty-four degrees and above and eighty cents for oil below thirty-four degrees. This is the second price increase within a week.

Held for Hearing.
Columbus, Sept. 25.—Accused of stealing wearing apparel from the room of two women acquaintances, nineteen-year-old Lucille Gilliam, No. 222 north Grant avenue, was arrested. Nearly all of the missing clothing was recovered.

Use Six Laundry Tablets.

Just imagine you are burning a base burner only using soft coal.

The Retort Oak Coal Heater

carries a magazine and the coal is transformed to coke before it reaches the fire pot. There is absolutely no wasting of fuel as the gases, soot and smoke are consumed in the stove.

The least amount of fuel is consumed in the "Retort" and your fire is as steady as a hard coal base burner and you fill no other.

This heater will hold fire for sixty hours with one filling.

If you are looking for economy, also a satisfactorily heated home, buy a Retort.

The JENNER Co.

BEARING ONE ANOTHER'S BURDENS, IS HIS THEME

Initial Sermon of Rev. Charles
Trenschel in German.

**PROSPECT STREET M. E.
CHURCH HERE SUNDAY**

In Evening He Preaches in
English on the Subject,
"Meeting Christ."

"Bearing One Another's Burdens," and "Meeting Christ" were the subjects of two introductory sermons delivered at the Prospect Street M. E. Church Sunday by the new pastor, Rev. Charles Trenschel. The morning service was conducted in German in keeping with the church's custom of having a German service on the last Sunday of each month. In the evening at 7:30 o'clock Rev. Mr. Trenschel preached in English on "Meeting Christ."

Rev. Mr. Trenschel came to Marion from Dayton, where for three years he was pastor of the Van Buren street M. E. church. He was succeeded at Dayton by Rev. J. C. Gerlach, who had been pastor here.

Rev. Mr. Trenschel and his two daughters today took up their residence in the Prospect street parsonage, No. 183 south Prospect street.

The Best Program.

"The best program for the salvation of the world is the program of Jesus Christ," Rev. Mr. Trenschel said in his evening sermon "Seek first the kingdom of God and all things shall be added to you. In order to gain success in our work we should first seek the kingdom of God."

"All of us recall experiences where the meeting of people has left its effect upon us. On some occasions their presence has been a blessing, like the sunshine and their influence elevated us and made it easier for us to be good." He cited an instance of a soldier trembling with fear encouraged to heroic deeds in battle by coming in contact with his general and a shiftless man regenerated by his love of children.

Two Pictures.

"In a certain gallery in Europe," Rev. Mr. Trenschel stated, "we find two pictures painted by that great artist Rembrandt, one his first painting, and the other his masterpiece."

"A comparison of the two clearly shows the development of the artist. So in the New Testament we find two pictures of Peter. The first is the headstrong fisherman and later the Christ-loving, Christ-following Peter, his strong character developed by his contact and association with Jesus Christ. Man is naturally selfish, but the true Christian does not live for self, but for Christ and his communion with Christ develops strong characters like that of Peter."

Big opening dance next Saturday night, Schwingler's hall. Five-piece orchestra.—Adv. 257-2-c

EARMARKS OF FRAUD IN MAKING INVESTMENTS

Plan Under Way To Educate the
Culprits Public.

A movement of far-reaching influences has been inaugurated by the Associated Advertising Clubs for the suppression of the advertising and sale of fake investment securities, and particularly oil stocks, and the public is being asked to take an important part in curbing the sale of such securities.

The greatest difficulty in all such work, says Richard H. Lee, counsel of the national vigilance committee of the advertising association, arises from the fact that the average person who is defrauded in such deals, usually swallows his loss and tries to forget it. No action is taken against those who have separated the victim from his money because he shrinks from publicity in connection with the matter.

Now, the association has plans which will not call for any publicity, so far as the individual investor is concerned, and the organization seeks information from individuals as a means for helping save the money of other people who may be defrauded unless action is taken. In this connection, advertisements are being placed in publications which hold membership in the advertising association and are thus helping to put the good work forward, asking investors to write, in confidence, concerning their experiences. They are asked to answer the following questions, addressing their letters, in confidence, to Richard H. Lee, No. 119 west 40th street, New York City:

- 1—Have you during the last year bought stock in any oil companies or oil leases or oil land?
- 2—Please give the names of the company or companies
- 3—How much did you invest?
- 4—What returns have you received from your investment?
- 5—What were the representations made to you at the time you bought?
- 6—Are you satisfied with your bargain?
- 7—What is your occupation?
- 8—Did you draw the money out of a savings account to make this investment?

Rheumatism Can Be Cured!

But You Must Clear Your
Blood of Waste Products

Lack of exercise and improper diet causes waste products to accumulate in the blood. You will at once realize that unless the blood is pure, some part of the body will become diseased.

Rheumatism, with its pain and misery, is one of the most serious diseases caused by waste products in the blood. You know, of course, the blood is not confined alone to the arteries and veins. It passes out of these channels to all parts of the body. This is how sediments or waste products are deposited in the muscles and joints. Genuine relief can be had only by correcting the basic trouble—waste products.

Thousands and thousands of men and women during the past 50 years have cleared the blood of waste products with S. S. S. It is the ideal remedy for rheumatism, because it removes the poisonous waste matter which is causing the trouble. There are no bad after effects and the result is wonderful. Begin taking S. S. S. today and write for 56 page illustrated booklet, "Fact About the Blood"—free.

Personal medical advice, without charge, may also be had by sending a complete description of your case. Address: Chief Medical Director, Swift Specific Co., 731 S. S. S. Laboratory, Atlanta, Ga. All drug stores sell S. S. S.—Adv.

FORMULA FOR SUCCESS

ANDREW CARNEGIE said:
"The test of whether or not you will succeed is easy. It is just this—CAN YOU SAVE MONEY? If you can, you will succeed; if you can't, you won't."

You can save if you make up your mind to do it. Try this; have something in mind which you desire to secure—it might be some household convenience, or a next summer vacation. Now, having this in view, reward yourself by saving a part of your earnings.

We will help you by paying you 5% compound interest on your savings. Come in and let us help you.

RAIL SHOP MEN BACK TO WORK AT BUCYRUS

T. & O. C. Call Also Affects Shop Men at Kenton.

FREIGHTS CARRY SCORES OF HOBOES FOR SOUTH

Erie Locomotive Whistle Becomes Stuck and Blows Thirty Minutes—Railroad News.

A big piece of local news broke this morning with the result of a call to fifty per cent. of employees of the locomotive department of the Toledo & Ohio Central shops here, to report for work on Monday morning at the usual hour says Saturday's Bucyrus Telegraph.

It is understood that the men wanted are being summoned by direct notice, seniority being followed as far as possible in summoning the employees.

The number of men who will return to their machines and their tools will be seventy-five or eighty at the Bucyrus shops with approximately half that number also called back, to work at the Kenton shops.

How long the employment is to last, and whether it will continue without interruption, are points on which railroad officials are unable to give accurate information. Naturally they hope it will be possible to keep the force at work steadily and to add to it until the normal number of employees are engaged again, but conditions are so unsettled that no confident prophecy can be made.

The local railroad shops have been practically shut down for a period of seven months, the first deep cut in the force having been made a month earlier, when on January 15, the force was materially reduced. A month later February 14, the heavy slash was made and was so drastic that even subforemen were taken off, there being only a handful of men kept at work.

The call to labor is a welcome one and it is the universal hope that not only will all these men be kept steadily employed but that early additions will be made, to get the force back to normal.

The resumption of work at the Erie shops at Galion and Marion comparatively recently, and of other shops on the Big Four and elsewhere, has been accepted as an indication of a movement toward normal. It is a movement toward normal. It is a movement toward normal. It is a movement toward normal.

While Master Mechanic Bowersox of the T & O C. was not able to say this morning whether the prospects justified expectation of a further improvement here, or even of the uninterrupted permanency of the resumption of activity in the locomotive department here, the call for men is welcome and sufficient encouragement for the present.

Heavy travel south has already been noted this fall. If you don't believe it ask any railroad detective in Marion. More hoboies have been seen passing through the city in their side door pullmans, peeping over the edges of empty coal cars and on the rods than at any time since the war. "Headin' South" they reply when asked where they are going.

Rail officials say three times a year they are confronted with the problem of men attempting to beat their way at the expense of the company. These are in the fall, the spring when they are returning north and during the western harvest season.

Most of them are old timers and carry ropes wound around their bodies. This rope, detectives say is attached to the roof of the car so that the hobo can drop over the side when a brakeman approaches. One end is fixed so that it can be used for a seat. Detectives also have found notched boards to be placed on the rods. The rods are iron in the center of the car underneath the car and about three feet above the tracks. The rider lies face down on the board. It is a dangerous game but a fairly sure one for once beneath the car the hobo is in little danger of detection. Texas and Florida seem to be the destination of most hoboies nabbed this season.

Residents of Marion woke up with a start last night about 10 o'clock with thoughts of fires, strikes and riots, upon hearing the continuous shriek of a whistle which lasted for nearly thirty minutes. It happened in this manner. Two Erie freight engines were double-headed light from Kent to Marion last night. As they approached a crossing at Marion Engineer Al Richardson, of Olney avenue, on the front engine, No. 2653, blew the whistle. They came down track, for when he stopped, ringing on the whistle valve, the whistle kept right on blowing. Efforts to close the whistle valve were in vain and all the way from Marion into Marion the whistle kept blowing. Engineer Richardson let the steam go down on his engine or there would have been more people around than there were. To repair the whistle valve, it was necessary to knock the fire out of the engine and let it get cold.

Erie train No. 3 today moved the three special engines of the Fremo Amusement company, from Marion to Cincinnati.

A. W. Cook, trainmaster of the Cincinnati division of the Erie, resumed work today, after a vacation of two weeks.

Work on the Hickling Valley of laying double track from Marion to Morral is nearing completion. Twenty-four of the men who were working on this have been moved to Bradner, twenty-four miles south of Toledo. The ultimate end of this work is to have double track from Columbus to Toledo.

R. L. Badger, of the mechanical department of the Erie, out of Huntington, Indiana, was in Marion today.

G. M. Knauer of the Toledo office, of the Pennsylvania, was in Marion today. Mr. Knauer was formerly freight agent for the Pennsylvania in Marion.

Employees in the office of the yardmaster, where Mrs. Wilfred Merkle formerly Miss Genevieve Albright worked up to September 1, were presented with white letters for her road on her trip to California, which began this morning, and escorted her to the station. Mrs. Merkle left on Erie train No. 3, at 10:45 this morning for Chicago.

Civil war veterans have been arriving in Marion ever since yesterday on the Erie, changing here for Indianapolis, where they are attending the G. A. R. convention being held there.

The Store for Men and Boys

Where Are Those Valuable Papers?

Could you place your hands on them on a moment's notice? Or have you some in this drawer and that drawer, scattered all over the house haphazardly?

Now suppose some important transaction or the clearing up of some financial matter depended on one of these valuable papers and you couldn't find it. You might suffer an embarrassing loss or be in a position uncomfortably difficult.

You know possibilities are sometimes discounting to contemplate. You say many of them are too absurd to happen. But too many times they do.

You need a safe deposit box.

There you can have your important papers—and jewelry, etc.—where you can find them when they're needed and where molesting hands can not reach.

The absolute safety of your valuable and resultant peace of mind are worth infinitely more than the moderate rental asked.

We are installing the very latest type lockers in our massive new vault. Reservations are being made every day.

How about yours?

BOOT SHOPJAMES DEAL NAMED AS
ROAD LAW GUARDIANWill Enforce Provisions of New
Burke Measure.APPOINTMENT IS MADE
BY SHERIFF WASHBURNThe Commissioners Appropriated
\$500 for the Work Up Until
January 1, 1922.James Deal, of No. 535 Pearl
street, has been appointed by
Sheriff Frank A. Washburn as road
deputy in charge of enforcement of
the provisions of the Burke bill regu-
lating the maximum weight of
loads to be hauled over improved
county roads.The appointment is for the re-
mainer of the year, the county
commissioners having appropriated
\$500 for the work until January 1.In addition to checking up on the
weight of loads hauled over im-
proved roads, Mr. Deal also will enforce
speed laws and measures regulating
the headlights of automobiles.This morning the new deputy
in company with the sheriff, checked
up on a number of loads being hauled
over the roads.choirmaster. The rehearsals were
to have begun last week but were
delayed on account of the repairs
and construction work being done on
the organ.Time Change in Churches
Beginning next Sunday practically
all the churches of the city will open
their evening service at 7 o'clock
instead of 7:30 o'clock.At Fite Memorial Church,
Rev. H. B. Hazen, of Sharon,
Pennsylvania, preached at both the
morning and evening services Sun-
day, at Fite Memorial Baptist church
in the morning the speaker took for
his subject, "His Friends," and in the
evening spoke on "There is Still
Room in the Kingdom." In the af-
ternoon Rev. Mr. Hazen spoke at the
Bennett Street chapel.Cottage Prayer Meeting
Beginning Tuesday evening of
this week a series of cottage prayer
meetings will be held by the mem-
bers of Calvary Evangelical church
in preparation for the evangelistic
meetings to be held by the Petti-
cord Evangelistic party, beginning
October 30 and continuing for three
weeks.The cottage prayer meetings will
be held each Tuesday and Friday
evening of each week until the open-
ing of the evangelistic services. The
congregation has been divided into
eight divisions and leaders appointed
for each evening's service. Theleaders and their assistants are:
J. L. Lynds, William R. Hill, Mrs.
C. R. Heebower, Mrs. John Serenis
(Oscar Bodie), Mrs. Laura Wilbur
James Gerhart, Mrs. S. G. Halde-
man, Paul Zachman, Mrs. D. S.
Jobe, Reuben Stall, Mrs. W. E. Stull
H. J. Klusfleiter, Mrs. H. O. Reue
er H. W. Zachman and Mrs. George
J. Orans.Time of Masses Changed.
Beginning next Sunday masses at
St. Mary's Catholic church will be
at 7:30, 8:30 and 10 o'clock during
the winter months.Cradle Roll Party.
A cradle-roll party will be given
at the Epworth M. E. church Thurs-
day afternoon from 2:30 to 4:30
o'clock and invitations have been
sent to the 320 babies enrolled and
to their mothers to accompany them.
These babies range in ages from the
time of birth to three years of age
and a very unique party has been
planned by the superintendent of the
department, Mrs. T. J. Mills.Dr. Chilton Heard.
Dr. C. R. Chilton superintendent
of the Ohio district of the Nazarene
church, preached on home mission
work at the home missionary rally
held at the Nazarene church Sun-
day morning. A missionary offering
was taken and eight new mem-
bers were admitted, seven by letter
and one on profession of faith.
Both meetings were well attend-THE ADVANTAGE IN

WEDS WALTER D. ROBERTSCeremony is Performed by Rev.
A. F. Berry.Miss Mary Gladys Van Gorden
and Mr. Walter Davis Roberts were
married at 4 o'clock Saturday by
Rev. A. F. Berry, of the Greenwood
Evangelical church, at the parson-
age. The bride is the daughter of
Mr. and Mrs. James Clifton Van Gor-
den, of Grand avenue. The groom
is the son of Mr. and Mrs. Richard
Roberts of Mt. Victory. He is em-
ployed by the Bindley Grocery com-
pany. The couple will make their
home with the bride's parents on
Grand avenue.MISS GENEVIEVE ALLNUTT
WEDS WILFRED O. MERKLEThey Will Make Their Home in
California.Miss Genevieve Helen Allnut, of
this city, and Mr. Wilfred O. Merkle
of Long Beach, California, were
married this morning at 9:30 o'clock
by Dr. Jesse Swank at the Epworth
M. E. parsonage on East Center
street. The ring service was wit-
nessed by Mr. and Mrs. E. I. Allnut
and son, of Girard avenue, parents
and brother of the bride.Following the ceremony Mr. and
Mrs. Merkle left at once for Long
Beach, where they will make their
home. Mr. Merkle is a ranchman.Schwaderer Family Reunion.
A family reunion was enjoyed Sun-
day at the home of Mr. and Mrs.
David Schwaderer, seven miles south
of the city. The day marked the
first gathering of the entire family
of George Temple in twenty-seven
years. The time was passed with
music and socially. In the evening
a dinner was served covers being
placed for Mr. Temple's children,
Mrs. Daniel Kurtzman, of Gallatin;
Mrs. Myrtle Crowley, Mrs. Alma Ash,
Mrs. Stanley Royal and families.Use Size Laundry Tablets

CHURCH SOCIETY

Reformed Rally Day.
Rally day was observed Sunday
morning in the First Reformed Sun-
day-school with a splendid musical
program and talks by the pastor,
Rev. A. L. Scherry. Roy Reiden-
baugh, Henry Knick's and W. E.
Bartholomew, Mrs. Ray Reiden-
baugh and Mrs. Fred Stanning played
a piano number and the members of
the Boys' class under the direction
of the teacher, Ray Reidenbaugh con-
tributed a fine choral number. The
song service was under the direction
of Asa Queen.Trinity Choir Rehearsals.
Rehearsals of the choir at Trinity
Baptist church, which have been sus-
pended for the summer, will begin
again on Friday evening of this
week, according to Ernest C. Carl,

WARNING

To Gas Consumers

Gas will be turned off on our main line to make necessary repairs on dates given below:

TUESDAY, SEPTEMBER 27th, 1921,
from 12 o'clock noon to 5 o'clock p. m.

THURSDAY, SEPTEMBER 29th, 1921,
from 12 o'clock noon to 5 o'clock p. m.

To avoid accidents be sure to turn off gas before going away or leaving premises.

Be sure to turn off all valves when gas goes out and leave them turned off until the gas is turned on again.

Do not forget the hot water tank.

Watch the newspapers for notices of later dates or changes in dates when the gas will be shut off on account of this extensive repair work that is being done.

The Marion Gas Company

5,000 SEE MOTOR RACES AS COUNTY FAIR CLIMAX

Some of the Professional Drivers Seen in Action.

FOR HALF-MILE OVAL EXHIBITIONS ARE GOOD

Jim Costa Drives Exhibition Half-Mile in Thirty-Seven and Two-Fifths Seconds.

More than 5,000 people witnessed the auto races at the fairground, Saturday afternoon. They featured as a closing attraction the county fair. It did not appear like the fair of the previous days, as practically all of the exhibits had been removed from the grounds and there were only some tents and a few concession men operating.

All of the interest was centered in the automobile racing and patrons were given the opportunity of seeing some of the professional drivers of the country in action. For a half-mile dirt track there were some great exhibitions of speed.

After two elimination heats of three miles each, there were four starters in the final race of three miles. This race was won by Jim Costa in a Premier in three minutes, fifty-eight and two-fifths seconds. In a handicap race of five miles, Bob Robinson, driving a Peugeot, started on the scratch and won by a hood from Cleo Sables, the time for the five miles being six minutes and twenty-six seconds.

Jim Costa drove an exhibition half-mile with the record holding Billman Benz for a straightaway drive. His time was thirty-seven and two-fifths seconds, the heavy car losing on the turns. In the one-mile time trials, Dick Selp, driving a Willys, won by making the two laps in one minute and nine and two-fifths seconds. In the five-mile free-for-all, Robinson, in a Peugeot, won in six minutes and thirty-three and two-fifths seconds.

The American auto polo team defeated the English team by a score of one to nothing in a period of ten minutes play. The game furnished considerable excitement and fortunately no accidents resulted.

BASEBALL

Tackling the Bases.
Bob Mousel and Chick Fowler hit homers and the rest of the Yanks hit every other sort of a safe single against Caldwell and Mills in routing the Indians, Sunday.

Bob Thomas, Cub recruit outfielder, started in Chicago's twin victory over Boston. Today his by Thomas won 3 to 1.

Jack Mousel won for the Giants at St. Louis. He got four hits in two tries to the win.

Louis gave up ten hits as the Dodgers, but he did them safe while his major league Mousel and Fowler at Columbus.

The Stars scored their seventh straight victory by beating Detroit.

CRIPPLED DAILY STARS GIVE THEM HARD BATTLE

Though Upper Sandusky Comes Here Heavily Loaded.

SCORE IS SEVEN TO SIX SUNDAY AFTERNOON

Weather Ideal and Large Crowd Turns Out for the Game at Lincoln Park.

[BY F. L. KRAMER]

While Upper Sandusky landed heavily to defeat the Marion Daily Stars, Sunday, the locals presented a crippled team and then gave the visitors a hard battle to win out by a score of seven to six. The visitors secured Bob Clifton, of Columbus, a star amateur twirler to do the heavy lifting, but Clifton was not the prime cause of the defeat of the locals. Friend, of Columbus, who did the receiving for the Stars' team of that place, played in the short field for the visitors and it was his hitting that was responsible for more than half of the run scored by Upper Sandusky.

As the day turned out to be an ideal one for baseball, a large crowd was on hand. Upper Sandusky brought quite a delegation of fans and they had things pretty much their own way until close to the finish and when Marion started to make one of the late rallies, the Upper Sandusky fans were put on the uneasy seat for a short spell. The locals had the tying run on third base with two out in the ninth, but Fetter was unable to beat out his roller down the first base line and Marion lost. With all it was a nice and fast game of baseball and one that pleased the fans, even though the locals were on the short end of the count.

No Apologies.

With no attempt to offer apologies, the visitors had the better of the breaks in the hitting department. The locals hit the ball often, and just as hard, but the drives were direct at one of the visitors. With Upper Sandusky it was the opposite and they hit hard and the ball more frequently traveled to some unguarded territory. The visitors made just twice as many hits as Marion, but the locals fielded perfectly and made their hits count better.

As a result of Conroy, Weller and Price being absent from the line up, Lawrence did the catching. Fetter went to third with Hogan on first and the extra pitcher was used in the outfield. All did credit to themselves and the positions they filled, but it was not the hitting team that it would have been with the regulars in service.

"Lefty" Hawkins started the pitching for the locals and although most of the visitors hit from the port side, Hawkins allowed them a good start as a result of being wild and hit hard. After the first two batters popped out to Latimore, Jonas singled to left and scored on Friend's double to left center. Moses bounced a single off Hawkins' glove and Hawkins forced over the second run by issuing two passes.

How It Happens.

Doubles by Friend and Moses, followed by three singles netted two more in the third and Hawkins was replaced by Jackman. After the fourth inning Jackman pitched two ball. The visitors made but six hits off him, but his two passes developed late runs. He walked Barth and then hit Barger as a start of the fourth and retired the next two, but Moses sent both runners across with a double to left center. A single by Barth and Friend's double in the eighth produced what proved to be the winning run.

Clifton, of Columbus, held the locals to three safeties up to the eighth and had them blanked, the hard drives came straight to some fielder. Uri started the eighth with a single and Lawson got hit. The next two batters were out on infield flies. A pass to Fetter filled the bases, O'Donnell singled off Denman and Uri and Lawson scored.

While Fetter reached third, O'Donnell stole second and when Bolster threw the ball away, Fetter registered. Hogan was thrown out by Denman.

In the ninth the locals made a game effort, but fell one short. Lawrence was safe on Denman's fumble and Field batted for Hawkins and was passed. Uri singled to right scoring Lawrence and sending Field to third. Lawson was thrown out by Clifton. Latimore fled to Barth. Jackman tripled to right, scoring Field and Uri, Fetter was unable to beat out his roller down the first base line and the game was over.

THE "FLORENCE"

Air-Tight Hot Blast Heater!

The "Florence" Air-Tight Hot Blast

is made with jointless leg bottom and base, which makes it air-tight below the grate, which is the only true fire-keeping principle. It will be as good a firekeeper in twenty years hence as it is today.

The "Florence"

will heat twice the space at one-half the cost of operating the ordinary heater. The Florence burns soft coal or slack and all the smoke and gases. No filling up of the pipe or flue with soot. No dirt inside or outside the house. Will burn hard coal and all the gases which escape from a hard coal base-burner. It will produce one-half less ashes than the ordinary stove with any kind of fuel and leave no clinkers or half-consumed fuel.

No Smoke! No Dust! No Dirt! No Clinkers!

EVERYTHING IS CONSUMED

At the end of a season's use with soft coal there will be no soot in the pipe.

ALONZO RICHTMYER DIES AT PRESBYTERIAN MANSE

Father of Mrs. L. L. Strock Taken at Seventy-Five.

THIRTY-SECOND DEGREE MASON AND SHRIVER

Also Member of the Knights of Pythias and Woodmen—Funeral This Evening.

Alonzo Richtmyer, father of Mrs. L. L. Strock, died from cancer at the home of Dr. and Mrs. Strock at the First Presbyterian manse No. 382 east Church street Saturday evening about 6 o'clock. He was seventy-five years old and had been ill eight months.

The funeral will be held from the manse this evening at 8 o'clock and the services will be conducted by Rev. J. Myers Brice, pastor of the Forest Lawn Presbyterian church. The pallbearers will be from the Masonic and Knights of Pythias order. The widow and Dr. Strock will leave with the body on the night train for Chicago, from where they will accompany it to Clinton, Iowa, for interment near there in the family burial ground.

Native of Albany, Mr. Richtmyer was born near Albany, New York, and was a son of Mr. and Mrs. Philip Richtmyer. The Richtmyer family is one of the oldest in the state of New York, having come to America over 200 years ago, when it received a grant of land from the British crown. Part of the land is still retained by one branch of the family. Mr. Richtmyer was a direct descendant of Captain George Richtmyer, who fought in the Revolutionary war. He was brought up, as were all his ancestors, in the Dutch Reformed church.

Mr. and Mrs. Richtmyer celebrated their golden wedding about a year ago. Mrs. Richtmyer came from the same place in New York as her husband, but they passed many years in Illinois, where they went in 1868. They resided at Sterling nearly forty

WOULD NOT TAKE \$10,000 FOR IT

Popular Salesman Declares the Good Tonic Has Done Him Is Beyond Price.

"I wouldn't take ten thousand dollars for the good Tonic has done me," was the statement made by C. L. Chaffin, popular salesman, residing at 112 north 14th street, Marion, Ia., Monday.

About a year ago my appetite failed me completely, and my strength went down to such a low level I could hardly do any work. I was traveling then, and I took my troubles with me. What little I ate kept me in pain and distress for hours, and I had violent headaches when I got so dizzy I could hardly stand up. I fell off several pounds in weight and got to where I felt so bad it was an effort for me to be pleasant to my customers. I was nervous and could sleep but very little.

"Well, my first bottle of Tonic helped me, and as I kept taking it and getting better, I noticed my sales were picking up. I could get around and bring in more orders and still feel fine. I've gained twelve pounds in weight and am in the very best of condition and have been since. I finished my sixth bottle of Tonic. It certainly does the work."

Tonic is sold in Marion by The Dumble Pharmacy, and by leading druggists everywhere.—Adv.

Years coming from there to Marion last April to make their home with their only daughter, Mrs. Strock. Earlier in his life Mr. Richtmyer was in the furniture and undertaking business, but for the last few years of his life he was in office work. His health had been gradually failing for the past fifteen years.

Prominent Fraternally, Mr. Richtmyer was prominent in fraternal circles. He was a thirty-second degree Mason, a Shriner, and a member of the Knights Templars and other Masonic orders at Sterling. He also has held important offices in the Knights of Pythias and Modern Woodmen of American order. He was at one time a member of the city council at Sterling for several terms.

Aside from the widow and daughter, Mr. Richtmyer is survived by two sons, P. L. Richtmyer, of Chicago, and R. R. Richtmyer, of Seattle, Washington. His only other near relatives are three grand nieces in California.

SHORTAGE OF MORTGAGE MONEY SHOWN HERE

By Realtors' Report to Secretary of Commerce

Approximately fifty dwellings in Marion are vacant and twenty-five are under construction according to a report of a committee of the Marion Real Estate board forwarded to Secretary of Commerce Herbert Hoover through the National Board of Realtors. The report was compiled at the request of the national organization, which had been requested by Mr. Hoover to make a survey of housing conditions through its local organizations.

Ninety-seven per cent. of the houses in the city are frame, two per cent. brick and one per cent. stone.

according to the report. Most of the 117 brick houses are located on east Center.

There is a shortage of first and second mortgage money, the usual rate of discount is fifteen per cent. and when property is sold on contract the average cash payment is twenty per cent. About twenty-five per cent. of the property is leased for one year.

HOMECOMING AT FINLEY CHAPEL NEAR RICHWOOD

Attended by Number of People from Marion.

About 750 people met the annual homecoming at the Finley chapel north of Richwood, S. D., where in attendance from Marion were Mrs. and Mrs. C. A. Smith and Little daughter, another daughter, Mrs. Raymond Smith, daughter, Mr. and Mrs. John Smith, and their son, John Smith, his wife and three children, Mr. and Mrs. S. S. Walker and daughter and Miss Della B. Mann.

The church was almost filled for the morning preaching service and others came in at noon for the picnic dinner.

The dinner was to have been served on the lawn, but owing to the cool fall weather the Sunday school room was cleared and long tables, laden with a bountiful supply of everything which goes to make a picnic dinner a success, were arranged indoors and the dinner was served buffet style.

After dinner a very interesting program occupied the afternoon hours. A history of the church was read; there were recitations by the children, readings, vocal and instrumental music. After the program different members of the congregation, some of whom had attended the church in its earlier days and had returned for the homecoming, spoke briefly of the days when they attended Finley chapel.

Card of Thanks.

We wish to extend our sincere thanks to our friends and neighbors for the many acts of kindness, the beautiful flowers, the use of machines etc. during the sickness and death of our little daughter Nancy. We also wish to thank the minister and singers Mr. and Mrs. John Jacobs.—Adv. 1-p.

From the Cheapest That's Good to the Best That's Made.

The Combination Range

completes the modern kitchen!

Housewives nowadays realize that the right furnishings in their kitchens relieve them of a great deal of the routine drudgery. As important as the kitchen cabinet and kitchen table or refrigerator, therefore, is the right kind of a range. The combination range is the best answer to the range question as it is suitable for all seasons of the year. Women who have enjoyed the comfort and convenience of a combination range say that it completes the modern kitchen.

Combination Ranges \$70 to \$185

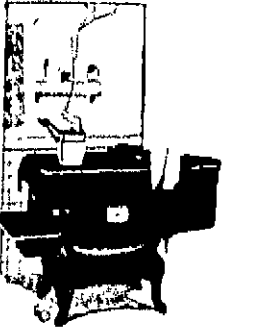

With so many different designs and sizes in combination ranges and the difficulty of your deciding on a range from an illustration in an advertisement, we cordially invite you to come in and make your choice from the actual stoves on our sales floor. To see them is to realize that they are exceptional values in every way.

Stove Prices Are DOWN!

Stove prices might have been a little slow in starting on their downward way but they certainly dropped to the bottom once they got started. For example:

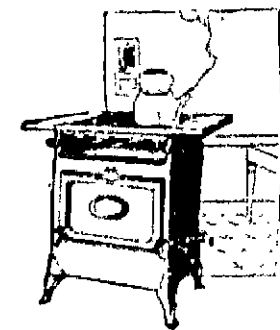

Genuine but blast heaters that burn wood or coal and that would have cost \$50 last year are here now at **\$42.50**

Kitchen ranges that meet every requirement and that would have cost you \$110 this time last year are here now at **\$82.50**

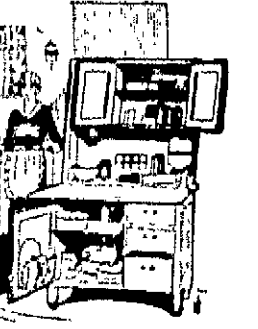

Kitchen Ranges \$39.75 to \$53.50

You will find them here in a great variety from the plainest type of range to the most elaborate ones with hot water tank, etc., attached. Here at stove headquarters you will find prices much lower than elsewhere and we believe that comparison will prove this beyond any question.

4-Burner Gas Ranges \$37.50

This is the first time in years that a reliable four-burner gas range like this has been offered at such a low price. It is very economical of fuel and the specially constructed oven makes it an unusually good baker.

Kitchen Cabinet Special \$52.75

No kitchen should be without the convenience of a kitchen cabinet. A place for everything and everything in its place. Convenient credit terms even at this special low price.
